

CSCI 602 Paper Presentation Info Sheet

Please prepare an oral presentation on your third writing assignment topic:

1. Plan on 7-8 minutes of content and leave 2 minutes for questions.
2. I will signal your time remaining from the back of the room. Do not go over 10 minutes.
3. I will assess your presentation on the rubric below.
4. Your classmates will assess you on the same rubric for my consideration (in case you deserve more than what I thought you did).
5. Slides are not required, but if you have slides please email them to me no later than 3pm on December 10th so I can have them all loaded up and ready to go. PPTX or PDF format please.
6. If you use slides, keep text to a minimum and focus on graphics/stimulating images; think Steve Jobs keynote, not boring wall of text
7. Practice your talk and time yourself. Please.
8. Speak clearly to the audience (not the screen), make eye contact, and be engaging.
9. This is worth 5% of the semester grade.
10. See #7.
